Kaling, Mindy. *Is Everyone Hanging Out Without Me? (And Other Concerns)*.

So you've read Tina Fey's *Bossypants*...now what? Feed your appetite for another humorous read with Mindy Kaling's honest memoir. The Emmy-nominated writer and actress on *The Office* tackles everything from growing up chubby to her unabashed love of chest hair. The randomness of the amusing topics covered is anchored by the important eras in her life as well as her friends, family and evolution of her career.

Kaling doesn't hold back on exploring her faults, her ego (which she is always trying to keep under control) and the million other things that make her human. Her smart and witty prose will make you laugh-out-loud more than a few times.
