Welcome to our New Website!

We are proud to welcome you to our new website. Our aim is to make your visit to the "Virtual Branch" of the Library easy to navigate. New features include ...

? Book reviews on the front page. Clicking on a book jacket will take you to a review, either from our Readers' Advisory Blog, Bibliofiles, or our Youth Department.

? Blog postings from each Library department. The newest post appears on the home page. Clicking on the "more" link will take you to older items.

? A Quick Links menu to get the answers to many of your most-asked questions.

? The ability to create an account and, by logging in, post comments and questions. To create an account, click on the log-in/register link on the lower left corner of the home page. This is a different account than your Library card account.

? Search the Library Catalog from various pages in the website or click on the Catalog link to access all of the features of our new catalog interface.

? Each of the areas in the Library now has its own section which is accessible from the links along the top of the page. Clicking on For Teens, Kids, Books, Music & Movies, or Research will deliver you to an area specific to your needs.

We hope you find our new website helpful and easy to use. Please let us know what you think by posting a comment below.
