Harris, Charlaine. Dead Reckoning

The long-awaited latest Sookie Stackhouse book was published early in May. In it, Sookie deals with the fallout from the fae war, has a big change in her relationship status, discovers great-uncle Dermot has a knack for home improvements, and is happy to see Bubba back from an extended trip. Sookie's friends and family never have a dull moment as excitement and trouble happen wherever Sookie goes.

This is one of those series you really need to read from book one. If it catches your fancy, you'll find yourself quickly devouring the rest of the series. Fans won't want to miss this latest.
