The Author: Jesse Lowe Smith was born in Macon, Illinois, on 23 November 1869, to the Rev. Leonard Francis Smith (1838-1874) and Bridget Ann Lowe Smith (1842-1941). His father’s diary for that date: “At 5:30 wife bore me another child, a boy weighing 10 lbs when dressed. Dr. Tobey was the physician…” Jesse’s father, Leonard Francis Smith, son of Jesse Smith and his second wife, Sophia Lake Spencer, had married Bridget Ann Lowe, daughter of William Fletcher Lowe and Elsea Aquila, on 10 September 1863. They had six children, Elsie (1864), Kittie Grace (1865-1932), Clarence Bruner (1867-1943), Jesse Lowe, Edith (1873-195?), and Lennie Francis (1874-1976).

Jesse Lowe Smith attended grade school in Macon, Illinois. With a passion for books and nature study, Jesse saw his life as a teacher. He attended the Academy in Benton Harbor, Michigan from 1884-1887, living with his Great Aunt Margaret Crooks. In 1888 he returned to Macon where he taught for three years. Teaching and studying independently as he taught, Jesse, at age 21, qualified for entrance to De Pauw University in September 1891. He completed his education at the University of Chicago from 1892 to 1894. After one year at De Pauw, he returned for one term at Macon, and then, with his mother and sister, went to Lexington, Illinois where he taught for four years from 1893-1897, followed by five years in Park Ridge, Illinois. In May 1902, Jesse came to Highland Park as principal of the Elm Place School. He was Superintendent of Schools for District 107 at the time of his death on 21 April 1934.

His diaries reveal Jesse Lowe Smith to be a man of many interests and great influence. He was widely known and respected throughout Illinois as an innovative educator and avid naturalist and in Highland Park as an educational, cultural and civic leader. He inspired the Elm Place School teachers to higher ideals of education and the students to a deeper understanding and appreciation for the world around them. He left a lasting impression on all who knew him in life and continues to inspire many who make his acquaintance through his diaries and his legacy in Highland Park.

Identifications: In his diaries, Jesse frequently refers to members of his family. During his years in Highland Park, Jesse provided a home from his mother and sister, Kittie. They are often referred to in the diaries as M. and K. His brother Clarence Bruner is referred to as Clarence or Clarence B., and Clarence’s two sons, Leonard and Clarence, Jr. (Bruner or Junior) are also mentioned. Jesse’s sister Edith married Clarence Danforth (Danforth or Clarence D. in the diaries). His sister Lennie married Arthur Enders, and their children, Robert and Ruth Anne, are mentioned in the diaries.

Transcriber’s Notes: Every attempt has been made to provide an accurate transcription of the diary entries with respect to spelling, grammar, and punctuation; therefore incorrect or inconsistent (Mr. Smith spelled the same word in different ways at different times) usage is retained without the use of (sic). When words were added above the line, they have been inserted into the text. When words were inadvertently repeated, the second occurrence of the word has been dropped. Margin notes are indicated as such and are placed following the text that they appeared adjacent to in the diary. When words were illegible, brackets have been supplied enclosing a blank space [   ]. Words that could not be deciphered with certainty have been placed in square brackets followed by a question mark [like this?]. Transcriber’s notes are indicated by brackets [like this – ed.]. Clippings that were pasted into the diary are described in a transcriber’s note, but are not always transcribed.

Wednesday, February 14
As yesterday.
Plant house work and mn’l tr. work with 8B boys.
P.T.A. this afternoon. H.G. Townsend, Sec. of Peace League, spoke against military training in schools. - - My remarks about Germany yesterday had stirred up the Germans & some were ready to “call me down” for them. I was asked to say something and I spoke very plainly. The result seemed favorable. Two or three ready to criticise talked it over with me in a friendly way.
Did some hustling for Park Dist election for tomorrow.

Tuesday, June 12
Fine day. Even sultry.
3B’s with Miss Jones & Miss Schermerhorn went in Norrlen’s auto truck to the Ziesing farm this A.M. The 3A’s went to the Arcady dairy in the afternoon.

The truck took the 8A’s & B’s up to Sweeney’s woods at 2:30 for the annual picnic party. A delightful party in a most beautiful setting.

After we got home, I talked promotions with the 6th – 8th teachers.
This A M. before school I went down to the farm with Percy Gilbert and started him at work planting beans for me. He spent the day at that. My two rows first planted on the 4th are up.

Wednesday, June 13
Thunder storm & heavy rain in the night. Heavy rain today, clearing at 2:30 o’clock.
Passed out standard garden signs – 80 or so.
Miss Fink & her mother & aunt came to confer with me about the position to teach French in our schools. The mother is a ward principal at Grand Rapids. Spent a pleasant hour with them.
Took 6:31 for Chic. to meeting of Ill. Aud Soc. An important (and long) meeting.
Thursday, June 14
Threatening and cool.
Flag day exercises this afternoon. Mr Blanchard came with some of his band and our parade & review of the flags was a great success. This year the flags of the allies were carried in the procession.
Our exhibit of work began this afternoon and continued into the evening. A fine exhibit.

Friday, June 15
Cool & threatening but at length clearing.
Met for honorable mentions, etc. this A.M. Then sent the pupils home at 11:00 A M.

College, Brookings, South Dakota, spoke on “The School and the State.” – ed.]

**Friday, December 28**
Turned very cold during the day.

The great features today were the two addresses by Edward Howard Griggs. Of inspiring nature, too, was the address of Supt Blair, given over entirely to a recital of the career of Edward Coles, second governor of Illinois.

Went to the school garden section in the afternoon and then to a special meeting called by the State Council for Defense to confer with H.S. principals over enlisting boys for farm work & giving H-S. credit therefor. Presided over by - - - speeches by Insull, Burridge Butler, Hollister, et. al.

[Passed to this page is a clipping from the Association meeting. Dr. Edward Howard Griggs, Educator, Philosopher, Author, Spuyten Dyvil, New York City, New York gave two addresses, one on "Public Education and the Problem of Democracy" and one on "America and the World War." Four papers were presented at the School Garden and Achievement Section in the afternoon. They were: 1. "School Gardens in Illinois" by James H. Green, Director of Extension Work, University of Illinois; 2. "Chicago School Gardens" by Dudley Grant Hayes, Director of Extension Work, Chicago Schools; 3. "The Harvey Plan" by F.L. Miller, Supt. of Harvey Schools; and 4. "The McLean County Plan" by Wm. B. Brigham, Asst. Supt. McLean County. – ed.]

Saturday, December 29

Still cold but moderating a little.

Great address on the war, its causes & significance by ex. Pres. Taft.

Sunday, December 30

A cold day. A light snowfall.

Did not go to church. Walked down Green Bay Road to Glencoe this afternoon. A cold walk.

Rode back on the trolley.

Am reading "Under Fire" by Henri Barbusse.

Trolley .10.

Monday, December 31

The last night

Moderated somewhat but still cold. Clear.

A quiet day. Studied from Terry's Europe – 1806-1914 & Ganong's The Living Plant.

Wrote a few letters Did a little work at school. A few errands

"Ring out the darkness
of the land,
Ring in the Christ
that is to be."
